BUILDERS OF ORGANS OF MERIT

BRATTLEBORO . . . VERMONT

**Style JJ (Portable)**

**The Latest Folding Organ**

**Strong, Durable, Easily Opened and Closed**

Four octaves compass, well voiced, ample wind power.

Easily transported and always adequate.

When open the keyboard is 30 inches from the floor, and the case stands 32 inches high. When closed or collapsed, the case measures 32 inches long, 14 inches wide and 12 inches high. Weight, 60 lbs.; boxed, 100 lbs.

Provided with strong leather handles for safe and easy moving.

A treasure for missionaries or travelling singers.

Furnished in Oak only.

**Style C (Portable Will not Folding)**

Length, 32 inches. Height, 32 inches. Depth, 17 inches.  
Weight, 65 lbs.; boxed, 95 lbs. 7 cubic feet.

Organ contains one 4 octave set of reeds. Case furnished in oak only. Casters are provided.

A double instead of single swell is incorporated. This means the control over volume of tone has been increased so the soft organ is quiet enough for the childish voice and full organ is ample for accompaniment for forty or fifty voices.

While the action of this organ is identical with the small models Hsuey has made for a score of years, features and improvements based on suggestions from Music Supervisors have been incorporated to make an ideal instrument for schools.

Style 2 (Portable)

Length, 2 feet 7 inches. Height, open, 2 feet 9 inches.  
Height, closed, 1 foot 2 inches. Depth 1 foot 8 inches.  
Weight 72 pounds; boxed, 135 pounds, 9 cubic feet.

Organ contains two full four-octave sets of reeds and octave coupler.

The case is made of Oak, and is especially strong and well adapted for traveling purposes. It can be readily opened or closed by one person and is secured firmly with strong hooks and screws.
